Description

1920s Revue pocket watch. The watch has a Revue 30 stem-winding movement which is ticking away nicely and the time keeping is good to within around two minutes over 24 hours. The movement also has the mark GT (Gédéon Thommen founded Revue Thommen in 1853). The movement is protected by an inner hinged cover with a later 1950 Swedish engraving (60th Anniversary). The watch measures 50mm diameter excluding the winding stem and the loop. The case is 800 silver and there are Continental hallmarks inside the case back. The silver has rose gold wash around the bezel and also around the edge of the back; there is some rubbing in places. The case back has crisp engine turned detail with the initials FA to the centre. There is a little unevenness to the back but nothing too serious. The watch glass is in good condition. The signed dial is in lovely condition. PRICE INCLUDES WORLDWIDE POSTAGE
