Sold

Item Reference: SA1000028

Date of manufacture: 1910

Description

Waltham full hunter pocket watch, 1913. The watch has a stem-winding movement, grade 610 which is working well. The fully signed movement has 7 jewels and the serial number 19205341 which dates it back to 1913. The movement is protected by an inner hinged cover. The watch measures 50.5mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star model made by the Dennison Watch Case Company. The case has light surface marking from use but overall it is in nice condition for a 1910s piece. The case back has monogrammed initials to the back. The winding crown pushes in to open the front cover. Inside there is a glass lens in nice condition. The signed dial has a couple of very faint hairline cracks under the sub seconds dial but otherwise it is in nice condition with only a faint surface scratch at 8 o'clock. The watch has its original blued steel hands. The watch will be sent in a new presentation box.
