Description

This massive Karadja from the Heriz district of North West Persia is very striking and handsome. A heavily abrashed medallion floats on a gorgeous red field filled with flowering vines, in abstract design. The equally abrashed main border has an extra girth to the width that is courtesy of the extra large size and really gives the overall look a higher impact. A beautiful and dramatic carpet in very good condition. Showing light wear but clean and ready for the floor. 13'4" x 15'9"
