Description

Nice pair of Regency carriage lights in black with silvered inside. They come with later wall brackets and B22 large bayonet bulb holders; a golf ball bulb fits in the gap very well. The bulb holders (which are obviously later) have been sympathetically fitted, without damaging the integrity of the carriage light. They have a domed bevel glass front and a shaped beveled glass side window. The measurements do not include the bracket. These lamps will be water resistant enough to go into a porch. st 3426
