## Description

Early 20th century Damascus Inlaid Tall Table A true example of an early 20th century Damascus tall side table, inlaid with hand carved wooden geometric design panels of wood. The tall and slim shape is highly decorative even with its top sections damaged that could be restored however we found by putting a plant pot on top its not necessarily. Origin: Syria Material: Pine Age: 1910 - 1920 Size: Height 25" x Width 10" x Depth 10" Condition Report A naturally aged item, that has stood the test of time, obvious loss/damage to the top surface area as shown. It could be used as a refurbishment project, we have left the item as seen and the price reflects this as a mint condition example would be twice as much. Its exceedingly difficult to photograph all the areas of these pieces, therefore we strongly suggest reviewing all the photos provided as part of this advert and propose questions where sections are unclear to avoid disappointment upon purchase. For multiple years we have sold antique and vintage items globally, please expect our items to show relevant age and natural wear, Items are only restored due to breaks and loss, and we always stipulate this in our condition...
