

SA1001115

Antique 1920s Omega pocket watch

Price

Sold**Item Reference: SA1001115****Date of manufacture: 1920**

Description

Antique 1920s Omega pocket watch. The watch has a nicely jewelled stem-winding movement which is working well. The movement is signed with the Omega name and the serial number, 6,815,813 which dates it back to around 1927/28. The movement is protected by an inner hinged cover which has one small indentation. The watch measures 50mm diameter excluding the winding stem and the loop. The case is nickel. The front and sides of the case are in good condition. The case back has some unevenness. The inside of the case back has the early Omega logo. The glass lens is in nice condition (some reflection showing in the photo but it's just light, not marking). The white enamel dial is in nice condition, just one 0.5cm hairline to the edge. The watch comes in a new presentation box.
