Description

Neat, compact & very attractive painted continental chest of drawers. Turned knob feet, four long graduated drawers, fabulous original paintwork of great colour. This is a genuine period antique, with the defects one might expect in a piece of this age & type, in particular the back feet have been replaced & some very historic woodworm has previously been treated, it has a great look & feel of originality, suitable for use in any room. Sensibly priced taking condition into account & ideal for decorative purposes, film setting or similar. It is exactly as shown in the photographs. Inspection welcomed.
