Description

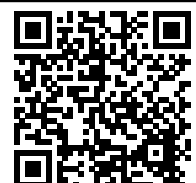

Excellent Triple Weight Driven German 8 Day Movement by Peerless with Mellow Sounding Embee Gongs. In my opinion and experience, the Peeless Embee Combination is the best combination in terms of overall performance and reliability for this type of Musical Clock as the Movement has Fine Veneer Adjusters to both the Beat and the Chime Hammers. Chime/Silent and Strike/Silent Levers in the Brass Dial which has a Silvered Chapter Ring and Cherub Head Spandrels. The English Oak Case is in Good Sound Structure with Attractive Graining and Patination. Raised on Bun Feet. Height 75.75in or 193.5cm This Clock was Presented in 1933 by The Boots Drug Company. (Plaque inside Trunk Door) The Movement has been Checked, Serviced And Tested to be in Full & Good Working Condition. Please Contact Robert via Messaging or on 07899 058752 to Discuss. Viewing/Collection by Appointment Welcome. Delivery & Setup Options Available - Usually £65-145 and Done by Myself. If a Courier is Used, Easy Instructions Will be Given
