Description

Size: 1ft 9in x 1ft 8in (54 x 51cm). Antique Shahsavan half Khorjin (half a saddlebag), in soumak weave. Circa 1880. This is a very good example of a Shahsavan soumak saddlebag, with pleasing colour and classic design. The bag is a scarce survivor in that it still has its original plain weave back along with the closing lappets and loops at the top. The bag is in excellent original condition with very slight wear to the face, there are a few small spots of old moth damage as can be seen in the images. The bag has been hand washed and is ready for display. A scarce and highly collectable item. Stock Number: H-422.

Internal Ref: H-422
