Description

A very interesting and beautiful antique William IV period bench in mahogany. This was made in continental Europe, possibly France, it dates from the 1830-1840's. The quality is superb, this is very well made with beautiful carving and flame mahogany grain patterns. It is a great size, perfect for use as an entry way seat or in an alcove. The condition is excellent for its age, we have had this re-polish and there is just some minor historical wear remaining here and there. We have had the seat cushion newly made and upholstered in a cream cotton fabric. Width – 49 inches , 125 cm Depth – 19 inches , 49 cm Height – 40 inches , 102 cm Seat height – 20 inches , 51 cm
