Description

Here is a really beautiful Victorian Majolica Jardiniere decorated with vine leaves, and finished in hues of pinks, greens and golds and with a pale blue interior. Standing 25cm tall, and 30cm across the top, this planter is in super condition with a bright shiny glaze and strong vibrant colours. The planter has the gentle surface wear that is to be expected of a piece of this age, but please note that the white marks on the surface in the photographs are light reflections and not chips! The Jardiniere is of generous proportions and would certainly hold a large plant, or several smaller ones as I have displayed here - with the old Victorian favourite of ferns! Please do not hesitate to contact me if I can offer any further information, or if I can provide any additional photographs. I offer free delivery throughout the UK, and am very happy to help with quotes for shipping abroad.
