Depth = 214 cm (84.3")

Description

Beautiful French standard Kingsize 5' x 6'6" cane bed with a curved footboard, original matching side rails and also includes the supporting box base which is in traditional ticking stripes. Unusual to find one of these beds these days, being the kingsize they are rather rare...please note, this bed will hold a standard UK Kingsize mattress. Very well carved throughout the frame in the Louis XV style, so you have the serpentine shape and carved scallop shells to the centre of the head and footboard too. The cane is in good condition with no damage to report. The frame and cane have been cleaned and waxed too, so it is ready for its new home and will look totally fabulous in any bedroom. The frame dismantles as shown and the (included) supporting box base (which is held by the frame rather than on the floor), so it is very easy to handle. Any queries, don't hesitate to get in touch. Measuring: Standard UK kingsize mattress of 5' x 6'6" or 150cm x 200cm Headboard height 47 1/2 inches or 121 cm Footboard height 28 3/4 inches or 73 cm Maximum frame width 62 1/2 inches or 159 cm Maximum frame length 84 inches or 214 cm
