Description

A charming 19th century ring set with six natural turquoise cabochons surrounding a gleaming seed pearl. In Victorian jewellery turquoise always represents the forget-me-not and this ring may have been given to a girl by her sweetheart to remind her of him while they were apart. A sentimental gift for a loved one, a pretty engagement ring or just an everyday gift to yourself! Size: N (UK), approximately 6.75 (US). The face of the ring measures approx 1.1cm and it sits around 5mm above the finger. The stones are all around 2mm diameter. The hallmark is not legible but the ring tests as slightly more than 18-carat gold. Weight: 2.5g. Please note antique boxes pictured are not included unless specified, your item will come in a new box.
