Description

Antique Waltham pocket watch, 1897. The watch has a seven jewel stem-winding movement which is working nicely. The movement is fully signed and it has the serial number 8,141,336 which dates it back to 1897. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the 14ct gold filled Sun model from the Dennison Watch Case Company, The case is in good condition, just the odd minor mark but nothing serious at all. Engine turned detail to the back, along with a vacant cartouche to the centre. The glass lens has light marking, not too detrimental. The signed dial is in lovely condition with original blued steel hands, a subsidiary seconds dial and outer minute markers. The watch comes in a new presentation box.
