Description

This is an incredibly striking 19th century Dutch cupboard. It is in 17th century style with a very impressive look. The whole piece is made from solid Oak with ebony and ebonised accents that set this piece off perfectly. The cupboard is in three sections each with plenty of storage and shelved interior. There is a lot of impressive details with this cupboard but for me the oversized feet make this a real statement in a room. The attention to detail is lovely and continues around the cornice and along the sides. Immaculate condition with working locks on all door and the original brass key. This cupboard splits into three easy to manoeuvre pieces. Height 215cm Width 165cm Depth 67cm Price Includes UK mainland delivery
