Description

Circa 1910-1930 a tall oil lamp with a delicately painted peach coloured glass bowl and a beautifully shaped Art Nouveau brass base. The lamp measures 67cm in height with the glass funnel included, and the base is approximately 20cm in diameter with the original iron weight underneath. The etched glass shade is 21cm across at the top and 19cm in height, and it is possible it may not be the original but it is from the same era. The whole item is in good condition, and the words ENGLAND MADE is clearly visible on both wick handles. Postage and packing for the UK mainland for two parcels is included in the price, and we will send the shade out separately to prevent damage.
