Description

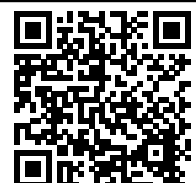

An 18th Century oil on canvas of the "Madonna of the Magnificat". The Madonna bows her head in prayer and there is a crown upon her head. We found the painting unframed and in need of attention so we had it lightly and sympathetically cleaned and the canvas re-lined. We resisted having it newly framed and waited until we were able to find an old frame which would enhance the image, which is now in place. That frame is 19th Century, made of rosewood and in very good condition. We can deliver free of charge in UK mainland and can calculate the cost for international delivery.
