Outstanding First Year Omega Seamaster Mark 1 Bumper Automatic c1948

Price

Sold**Item Reference: SA1007004****Date of manufacture: 1940**

Description

This is an outstanding example of a gents classic wristwatch made by the world renowned premier Swiss maker Omega. The watch is a super rare 1948/49 first year of production Omega Seamaster. Model reference 2576 one of the earliest of its kind. This is an amazing unrestored example of this iconic Omega. All of the edges are clean and sharp, it has never been polished or restored. The original untouched sub seconds dial is near perfect with just a very fine even patination to the surface and remarkable considering its age. The dials on the very first Seamasters were not marked Seamaster this is completely correct for this early example the word Fab Suisse indicates that it was destined for the French market. The hands and lume are original and untouched, the crown is the original with the early flat footed symbol. The movement is an absolute gem, sparkling clean and unblemished it really does look like new. We have never seen such an early movement in this pristine condition. The only work we have done to this watch is to service the movement and give the case a thorough ultrasonic clean. As you would expect the watch is fully marked on the dial, movement and case....

Internal Ref: omega
