A fantastic antique Regency period mahogany leather top partners desk. This was made in England, it dates from around 1810-1830. It is of superb quality and is an impressive size. This has three drawers on the front and also on the back, with brass ring pull handles depicting Prince of Wales feathers. This sits on a well made base with sabre legs and brass hairy paw casters. The inset leather top has a gorgeous patina and colour tone, with gold tooled edges. We have had this re-polished, it is in lovely condition for its age, with some minor historical wear here and there beneath the polish.
