Description

A beautiful piece of oak with a gorgeous colour and patina, this French farmhouse table has a three plank top butted with perpendicular end pieces and a single drawer. It has lovely turned legs and will be a great piece for a large country kitchen, although it will also make a wonderful dining table, being nearly 2 metres long and able to seat eight. Dating to the 19th century, this is made of oak and originates from France. In good age related condition, this has only the wear expected from long use, providing desirable character.
