Description

Antoine Redier patent wall mounted barograph, retailed by J Hicks of London. Circa 1895. The wall mounted barograph is enclosed in a glazed mahogany case, with a hinged front which opens to access the chart, aneroid capsule, the movement, and altitude adjuster. The silvered plated scale divided for 31 to 28 inches of barometric pressure. Marked: J. HICKS. LONDON. No: 120. Seven day drum movement. With a key. The design for this barograph was patented by the French clockmaker and inventor Antoine Redier in 1891.
