

SA1007814

Gents 1950s Geneve automatic wristwatch

Price

Sold**Item Reference: SA1007814****Date of manufacture: 1950**

Description

Gents 1950s Geneve automatic wristwatch. The watch has a good quality 25-jewel automatic movement, Felsa 1560, which is working nicely. The watch measures 32mm diameter excluding the winding crown and the lugs. The case is rose gold plated, and there is some wear and marking commensurate with its age. The screw-on case back is stainless steel. It states that the watch is waterproof but, as with any vintage watch, it should be kept away from water and moisture. The lens is in good condition. The signed dial is in its original finish with original hands, centre seconds hand and inner minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
