Description

Clockwise is delighted to present another fine early 20th century repeat striking French brass carriage clock for your consideration. The enamel dial and bevelled glasses are virtually immaculate and original spade hands compliment the handsome appearance of this piece. The case pillars have decorative caps, a design replicated in the handle and the fully restored eight day rack-striking movement, with lever platform, strikes the full hours on the hour and one at the half on a mellow gong. The height detailed below is with the handle up. The clock movement also benefits from my three year guarantee, no short guarantees or part restorations here! Delivery is available, please enquire for details. Clockwise specialises in longcase and bracket clocks and with clients from the world of business, film, sport, royalty and aristocracy - yet more than happy with traditional clients - Clockwise has an unrivalled reputation for excellence and superb service.
