Description

A good example of a georgian silver marrow scoop. Marked for London 1763 makers mark William Tant. Very good clear marks. Super family crest of a young lady holding a sickle and a wheat sheaf. So far have not been able to trace the family. I found the Hungerford/Hasting knot which features a sickle and a wheat sheaf, but no figure.? L 22.5 cm Weight 61.3 g. 2.16 ozs
