Description

A lovely old coin tray dating from the early 20th century. It is made from a solid block of wood, believed to be mahogany, with five turned pots of varying sizes. It is a lovely tactile piece with a wonderful patina. It is in very good condition for its age. It has been cleaned and gently waxed and displays well. It is not without some minor knocks and scuffs which add to its age and character but there are no major damages. The best description comes from the photographs so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £15
