Description

A beautiful and quite unusual Art Deco figured walnut duet piano stool. This was made in England, it dates from the 1920-30's. The quality is superb, this has a stylish and very functional design. The walnut frame has a twin pedestal base, each side has a single draw on the outer side and hidden cabinets built in to the front sides, one has a slim storage space, the other has three internal drawers. The walnut grain patterns and colour tones are gorgeous, this is beautifully finished on all sides. We have had this stripped and re-polished to a very high standard, the drop in seat has been re-upholstered in a cream cotton fabric, the condition is superb throughout.
