Description

Gents Zenith wrist watch, 1967. The watch has a 19-jewel calibre 2532 hand-winding movement which is working nicely. The movement is signed Zenith and it has the serial number 6444938 which dates it back to 1967. The watch measures 31mm diameter excluding the winding crown and the lugs so it would suit a slimmer wrist. The case is stainless steel and it is in good condition. The inside of the screw-on case back is signed Zenith. Plain winding crown. The lens is in good condition. The signed dial is in its original finish with original hands and centre seconds hand. There is some light marking and some age related darkening but not too serious at all. A new leather strap has been fitted. The watch comes in a new presentation box.
