Description

Gents 1960s Certina Blue Ribbon automatic watch. The watch has a signed 27-jewel automatic movement, calibre 25-65, which is working nicely. The watch measures 34mm diameter excluding the winding crown and the lugs. The case is stainless steel. It has general light surface marks and a couple of scratches to the back but nothing too serious. The inside of the case back is signed with the Certina name. The lens has light marking but is very acceptable (there is a lot of reflection showing in the photos). The signed dial is in its original finish with original hands and centre seconds hand. There is some light marking across the dial. A new leather strap has been fitted. The watch comes in a new presentation box.
