Description

A lovely pine chest of drawers dating from the late 19th / early 20th Century. Good quality, very well made with a smooth waxed finish and attractive warm colour. They have turned wooden knobs and stand on turned feet. The knobs are not original but suit the piece well. The drawers open smoothly and are generally clean and tidy inside. They are in good condition and display well. There are the usual signs of age and use, a few small marks and knocks but nothing detrimental and they are strong and sturdy. They have been cleaned and gently polished and are ready for use. The best description comes from the photographs so please look at them all carefully and if you have any questions just ask.
