Description

A golden oak, Westminster-Chime wall clock in lovely condition. The silvered dial with black Arabic numerals is in first class, unblemished order. The oak case retains its original French-polished finish and has a lovely warm patina. The true colour is best illustrated in photo 2 as the other photos tend to show it as being darker than it is in real life. It has a convex glass to the upper half of the fully opening door, and an astragal glazed, bevelled glass, brass bar, glazing to the bottom half. The 8 day movement strikes on the quarters and the hour, playing the Westminster tune. Importantly, this clock strikes on 2 separate sets of steel bars and has a beautifully melodic and clear tone. It is fitted with a STRIKE/SILENT movement. It has just been fully overhauled by our BHI registered staff and carries our usual 12mths full parts and labour guarantee. An absolute little gem of a clock. All cards accepted.
