Depth = 30.5 cm (12.0")

Description

A very good example of a late 17thc joyned oak child's chair....it has a nicely shaped splat to the base of the back, well turned legs typical of this period....and the unusual feature of a centre stretcher....it has gained a superb colour with a good patina.... these collectable little chairs were used in convents and schools. French. C1670-90.

Internal Ref: MS 7732
