Description

Antique 1920s Swiss pocket watch. The watch has a good quality 15 jewel Swiss hand-winding movement, which is working well. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star model made by the Dennison Watch Case Company, an English company who made cases for various watch makers. The case has light surface marking and some light wear to the edge of the bezel but overall it is in nice condition for a 1920s piece. The glass lens is in nice condition with just minor marking, nothing too serious at all. The white enamel dial is in beautiful condition. Original gold hands and a later gold sub seconds hand, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
