Description

A very large and extremely well made antique Victorian period chest of drawers in mahogany. This was made in England, it dates from around the 1860-1880's. The quality is outstanding, this is a well designed and very useful item with lots of storage space. The lower drawer is built into the plinth base, so is extra deep. The mahogany has a gorgeous light colour tone and wonderful patina. We have recently had this re-polished, the condition is very good for its age. There are various small marks and bumps here and there remaining beneath the polish, commensurate for age. Width - 44 inches , 112 cm Depth - 21 inches , 54 cm Height - 48 inches , 122 cm
