Description

Gents 1960s Accurist wrist watch. The watch has a Swiss 21-jewel hand-winding movement which is working nicely. The watch measures 34mm diameter excluding the winding crown and the lugs. The case is gold plated while the case back is stainless steel. It is in good condition, just the odd small mark but nothing serious at all. Signed Accurist winding crown. The lens is in lovely condition (some reflection showing in the photos). The signed dial is in lovely condition with original hands, centre seconds hand and date display (not quickset). A new leather strap has been fitted. The watch comes in a new presentation box.
