Description

Gents 1960s Avia wrist watch. The watch has a Swiss 17-jewel hand-winding movement which is working nicely. The watch measures 23mm wide excluding the winding crown and 30mm high excluding the lugs. The case is gold plated while the case back is stainless steel. There is light marking, mainly to the sides of the lugs so not really visible when the watch is being worn. The lens has a light mark but you have to look closely to see it. The signed dial is in its original finish with original hands. A later leather strap has been fitted. The watch comes in a vintage Avia presentation box.
