Description

A 19th century oil on panel depicting a bearded sage by a follower of Christian Wilhelm Ernst Dietrich. An illegible pencil inscription can be found verso. The work depicts a seated, elderly sage deep in thought. The use of light is well done, with the subject's face emerging from the surrounding darkness, presumably lit by a candle on a nearby table. The work is housed in later gilt frame which has signs of wear and touching up to the gilt in areas. A handsome and intriguing work. Dimensions (framed):- Height: 29.5cm Width: 24.75cm Depth: 3.25cm
