Height = 10 cm (3.9")

Width = 10 cm (3.9")

Depth = 10 cm (3.9")

Description

This is a superb unrestored example the rare Omega Constellation 505 automatic Pie Pan, Model reference 2852. The only work we have carried out is to service the movement and give the case a thorough ultrasonic clean. The diameter is 35mm excluding the original crown. The movement is the calibre 505 Chronometer grade automatic, this was Omega's highest grade movement of this period. This watch has the rare Rose Gold half numeral pie pan dial with cross hairs, its all original untouched and unrestored. The case is an amazing unrestored example, all of the edges are clean and sharp, it has never been polished or restored. The rear medallion is in rose gold to match the dial numerals and batons, all of the stars are clearly visible. The stainless steel and rose gold combination is very rare. As you would expect the watch is fully marked on the dial, movement and case. A superb collectors watch. We offer a highly personalised and bespoke service. If you would like to buy or reserve this watch please telephone us on 01726 813155 or email foweyshop@gmail.com. We can then discuss strap options, delivery dates and other personalisations to suit you. We accept payment by...
