Description

One of the most charming examples I have seen from the Austrian artist, Johann Maresch. Created from painted terracotta, the jar is in the form of a barrel with a Dachshund coming out of the top. Dating to c.1900, it remains in excellent condition measuring 5 1/2" in diameter x 7 1/2" tall. Fully signed on the underside. Johann Maresch (1821 - 1914) is known for Ceramic and terracotta figures. Johann Maresch (1821-1914) joined Adolf Bähr as commercial director in 1845, who in 1841 took up the first production of household articles made from siderolith in Aussig.
