Description

This beautiful French fruitwood table has a beautiful colour and polish, with a wonderful grain showing through. There is a very long drawer at each end, with iron loop drawer pulls, and a narrow, shallower drawer in the centre of one side which has a cup pull handle. The sturdy legs are tapered with a simple square section. The planked top has cross end pieces and a lovely patina. This piece will look great in a country kitchen, but the colour, quality and finish will suit many dining rooms. A good length, this will seat 8 for family meals. Dating to the nineteenth century, this is made of mahogany and originates from France. In good age related condition, this has only the polished wear that contributes to the antique character of such a lovely quality piece.
