Description

A smart and very well made antique mahogany military campaign style pedestal desk. This was made in England, it dates from around the 1930's. It is of superb quality and is a beautifully designed, practical item of furniture. The inset leather top is gold tooled and has a brass rim around the entire outer edge. This has lovely brass military handles and brackets on the corners. The mahogany has a lovely colour tone and grain patterns, this breaks down into three pieces for ease of transport. We have recently had this re-polished, the condition is excellent for its age. The back is also nicely polished, so this can be used as a free standing item.
