Description

Waltham Traveler full hunter pocket watch, 1905. The watch has a seven jewel stem-winding movement, Traveler grade, which is working nicely. The movement is fully signed and it has the serial number 14340053 which dates it back to 1905. The watch measures 51mm diameter excluding the winding stem and the loop. The case is 14ct gold filled and was made by the English case manufacturer Dennisons, the company supplied most of the cases for Waltham UK. The case has light surface marking and a couple of small minor "dings" but nothing too detrimental at all. The winding crown pushes in to open the front cover. The glass lens is in nice condition. The dial is in nice condition and has original blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
