Description

A very large Illuminated 19" diameter globe by the English maker, Georama and stands on a bakelite base. It shows countries and principal cities/towns. We believe it was produced between 1930-1935. This is demonstrated by Persia being shown instead of Iran, re-named in 1935. It's generally in very good condition with a few minor age and use related losses. It looks spectacular when lit up. We can discuss delivery options both here in UK or overseas. Payment by bank transfer, PayPal or card via telephone
