Description

Vintage Garrard pocket watch and chain. The watch has a good quality Landeron stem-winding movement, calibre 2124, which is working nicely. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold filled and it is in good condition, just very light surface marking to the back, nothing serious at all. The back of the watch has a long service inscription from BR Western Region. The glass lens is in lovely condition. The dial is signed with the name of the original retailer, Garrard. At the time this watch was made, Garrard was the Crown Jeweller of the United Kingdom, charged with the upkeep of the British Crown Jewels. The dial is in superb condition with original hands, and a subsidiary seconds dial. The watch comes with a single chain, 26cm long including the T-bar and the clasp. The watch and chain come in a new presentation box.
