Dimensions

Height = 1 cm (0.4")

Width = 1 cm (0.4")

Depth = 1 cm (0.4")

Description

A great matched pair of early 20th century gimbal lamp, both stamped with patent number AP9009, with original bulb holders. The gimbal is used to keep an item level in respect to the horizon despite the ships pitching and rolling. Can be table or wall mounted. This model of lamp was known to be used by the Royal Navy in WWII period. A fantastic pair, fully rewired in period style flex and PAT safety tested.
