Description

We are extremely pleased to offer what is probably the best Farmhouse Dining Table we have had for many years. Not only is it a 3 Meter Table but the Top is an incredible 12.5 cm thick and weighs a tonne. We have never seen a top this thick before. The whole table is solid Oak and excellently constructed it will be around for generations to come. Originating from France and dating to the early 1900s. It comes completely apart for access into the home. It has good character and is extremely rare, it would be incredible in any room and certainly be a talking point. We have bleached it to lighten it and bring out the beauty of the natural wood. The Table is in overall excellent original condition for the home.
