Description

Hi I have for sale a beautiful 1880s German ting tang quarter striking bracket clock made by W&H which has had a good life the case is in great condition with the rare glass sides and top, and running very strong as it has just been fully ultrasonic cleaned new springs added and the platform escapement re-silvered and fully serviced, gong rods re-blued, case waxed, glass cleaned. The Case The case is in solid mahogany in the four-glass style, she has been well waxed over the years and stands 25cm high x 20cm wide with a depth of 18cm the case is in great condition, thick glass front door keeps the beautiful face in great condition. The Dial The dial is in original condition silvered with Roman numerals and black ornate hands all totally original to this clock, with the slow/fast running dial and the chime/silent dial, all housed in a silvered mask. The Movement The movement is an eight-day time and strike which strikes the quarter hours and halves and the three quarters on two large gongs to the rear, the movement is signed by the maker on the rear plate, this movement was serviced about six months ago and keeps great time over the eight days. The movement has thick hea...
