Description

Gents 1950s Smiths De Luxe wrist watch. The watch has a 17-jewel hand-winding movement, signed Made in England, which is working nicely. The watch measures 31mm diameter excluding the winding crown and the lugs. The case is in very nice condition, just the odd minor mark but nothing serious at all. The lens is in good condition. The signed dial is in its original finish with replacement vintage hands. There is some age related darkening to the dial but still easy to read. A new leather strap has been fitted. The watch comes in a new presentation box.
