## Description

1903 silver Waltham pocket watch, Hopkins & Hopkins of Dublin. The watch has a seven jewel stem-winding movement, Traveler grade, which is working nicely. The movement is fully signed and it has the serial number 13096194 which dates it back to 1903. It is all protected by an inner hinged cover, this inner cover has a small indentation. The watch measures 50mm diameter excluding the winding stem and the loop. The case is .935 silver, so slightly purer than sterling silver, and there are Swiss silver marks inside the two case backs. The case has light surface marking and mild bruising to the outer edge but overall is in good condition. The acrylic lens has light marking but is very acceptable. The dial is signed with the original retailer's name Hopkins & Hopkins, Dublin. The dial has a short and very faint hairline crack towards the edge by number 4 but it is mostly covered by the bezel. The watch comes in a new presentation box.
