Antique Three Draw Leather Telescope

Price

Sold**Item Reference: SA1016649****Date of manufacture: Victorian**

Description

A good example of a high quality three draw telescope dating from the late 19th / early 20th Century. It is a powerful leather clad telescope with brass tubes, a sliding eyepiece cover and its original brass end cap. The telescope is in good condition for its age. It is fully functional with undamaged lenses. The lenses are generally clean and they produce a clear and crisp image. The brass tube has a few small dents and dinks and the leather has some minor signs of age and use but nothing detrimental. Approximate Measurements: Diameter of Lens : 1 3/4" (4 cm) Shortest Length : 9 1/2" (24 cm) Longest Length : 24" (61 cm) The best description comes from the photographs so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £10
