Description

A smart and very well made pair of antique leather and mahogany captains armchairs. They were made in England, they date from around the 1930's. The quality is superb, they are a useful size, comfortable and supportive. The buttoned green leather has a lovely colour tone and patina that contrasts beautifully against the mahogany. The backs are nicely curved and they sit on tapered legs. We have had the frames re-polished, the leather has also been revived by our leather restorer. They are in great condition for their age, with no damage and just the right amount of wear.
